# 'Pay and Park' tender put on hold: Mayor

## MCC to convene meeting of businessmen, stakeholders

Mysuru, June 13 (RK&BCT)- Following intense public criticism and protest meetings resenting the pay and park system on six roads approved by Mysuru City Corporation (MCC) Council, the tender process is put on hold.

Mayor Shivakumar told *Star of Mysore* this morning that tenders to implement a systematic pay and park policy were to be floated yesterday. "We have put on hold the tenders as we have seen severe opposition to the rule and we will take the businessmen and stakeholders into confidence and will implement the same," he said.

MCC Council on June 9 decided to introduce the system in the city's Central Business District (CBD) on a trial basis — D. Devaraj Urs Road, Ashoka Road, Sayyaji Rao Road, Vinoba Road, Dhanvantri Road, Sri Harsha Road and Town Hall premises. "MCC Council took action and decided to implement the parking fee rule after receiving a memorandum from shopkeepers and shoppers on D.D. Urs Road, Shivarampet and others, who were seeking a solution to the parking crisis. Trade bodies also supported this initiative. According to them, many people park their vehicles from early morning to late in the night, depriving shoppers of a legitimate parking space," the Mayor stated.

Shivakumar emphasised that the MCC's intention is not to generate revenue from parking fees but rather to help people in finding parking spaces in commercial areas. Complaints were received regarding the unavailability of parking spaces throughout the day, as a section of people occupied them from morning till evening.

## *Hi Life* fashion exhibition comes to city

Mysuru, June 13- *Hi Life*, India's favourite fashion exhibition, is ready to sweep you off your feet with a most trending fashion collection this season.

Be it gorgeous designer wear, wedding ensembles for the brides-to-be, ethnic designs for her bandwagon, to every day fashion apparels, accessories, jewellery and even fashion statements for your home, you will find the best for yourself and your home.

The exclusive show, to be held in city on June 14 and 15 at Radisson Blu Plaza Hotel, is all set to create a buzz in the fashion fraternity. So come, be a part of this grand fanfare of fashion, says the *Hi Life* organiser.

The expo will be open from 10 am to 8 pm on both days.

## EDITOR'S BOTTOMLINE

***The first census report on India's surface water bodies is a significant step forward. It provides valuable data that helps us understand the potential of these water bodies in addressing water scarcity and sustainability issues across the country. The report also enables the government and local bodies to evaluate their current state and identify potential threats to their integrity. The integrity of a surface water body refers to its overall health, quality and ecological functioning. It is characterised by clean water, minimal pollution and a thriving community of native plants and animals. However, it is important to note that the definition of "clean water" depends on the specific use of the water body. For example, water suitable for irrigation may not be suitable for bathing.***

***The "existing use" of a water body refers to the current uses based on the water quality status. It describes how the water body should be used at a given point in time, such as for drinking water supply, bathing, fisheries, irrigation or navigation. On the other hand, "designated use" refers to the specific uses assigned or designated to a water body based on its intended purpose. It represents the desired use of the water body as defined by regulatory agencies in consultation with stakeholders. For example, the current water quality status of a lake can support irrigation use but stakeholders may intend to use it for bathing. In this case, "irrigation" is the existing use, and "bathing" is the intended use. Stakeholders determine the intended use based on historical use or current needs.***

## NEWS SPARKLERS

### Christmas tree still stands in June because of pigeon

Beverley: A Christmas tree in Beverley is still standing even in the month of June because a wood pigeon lives there.

The town council was supposed to take the tree down in January, but due to the Wildlife and Countryside Act 1981 it's illegal to take, damage or destroy the nest of any wild bird while it's in use or being built. That means the tree can't be moved until the pigeon decides to move of its own free will.

The tree even still has its lights up – albeit switched off – because the council didn't want to disturb the pigeon by removing them. Six months on from the festive period the tree is looking worse, as its green needles have turned into brown.

Wildlife experts reckon the pigeon will finally move on in July, once the breeding season ends.

### Thief steals cupcakes and cleans up

Vancouver: A criminal went to the great lengths of breaking and entering a bakery in Vancouver to make off with more than just six cupcakes.

It was so bizarre that even the owner of Sweet Something in Vancouver admitted it's 'one of the best laughs' she's ever had.

Seemingly in no hurry whatsoever to get away, the perpetrator is then captured relaxing before attempting to clean up.

"He walked around, used our bathroom, sat down for quite a long time and had a drink of water. He realised, that he'd made a mess and grabs a mop and bucket and tries to clean up the glass pieces,'' said Ms Irvine.

Once he was done with his sweeping and photos, he helped himself to the box of six cupcakes and eventually made his exit.

## HEALTH CAPSULE

Apart from acting as a filter, kidneys also produce various hormones which regulate bodily functions. Renin is one such hormone which is responsible for high blood pressure.

## 'DePloMat' National-level Fest held

Mysuru, June 13- 'DePloMat'-2023, Season-5 National-level Fest, was inaugurated at De Paul College in Mysuru, by chief guest Dr. Harish Machiah Kodandera, Director, Pooja Bhagavat Memorial Mahajana Post Graduate Centre, recently in the presence of Dr. Rev. Baiju Antony, Principal, De Paul College, Rev. Biju Scaria, Principal, De Paul International Residential School and Rev. Santoy, Campus Superior, De Paul Institutions.

Speaking on the occasion, Dr. Harish Machiah highlighted the importance of holding such fests to showcase the young talents.

About 550 Under-Graduate College students from different parts of Karnataka participated in various Commerce, Management, IT, Treasure Hunt and Sports competitions.

Earlier, College Principal welcomed. Later, RJ Deepak Shetty entertained the students with cultural events. This was followed by the valedictory where awards were presented to the prize winners.

## REALLY...?

- ***Earthworms don't have a heart. They have ten pairs of pharyngeal arch arteries (five single-chambered aortic arches) that run across their bodies. They are counted as five hearts, mainly pumping blood and carrying food, waste and respiratory gases throughout the earthworm's body. Their hearts are not as complicated as ours—maybe because their blood doesn't have to be pumped to many body parts.***

## LAUGHTER THE BEST MEDICINE

***Science teacher:*** *How fast does light travel?*
***Student:*** *I don't know, teacher, but it gets here too early in the morning!!*

## VOICE OF THE READER

# 'Pay & Park' is against the ideology of Government

Sir,

This refers to KBG's *Abracadabra* titled ***'MCC's 'Pay and Park' system - Shoppers protest; No way to ease pressure on parking space,'*** in yesterday's *Star of Mysore* and related news items. My question to the MCC is that in this FREE season, how can one think of 'Pay & Park'?

People have voted for freedom from payment under this new Government. Will the Mayor and the MCC Commissioner look into this?

# Accidents on Mysuru-Bengaluru Expressway: Speed thrills but kills

Sir,

I would like to bring the readers' attention to the news item titled ***'55 killed in 5 months in accidents on Mysuru-Bengaluru Expressway'*** *(SOM* dated June 9, Page-4).

I would like to address the statement made in the last column of the article which suggests that "Unscientific construction and incorrect alignment at some stretches of the Expressway have resulted in fatal accidents." I am sorry to mention that most of the fatalities have occurred grossly on account of reckless driving than a few inaccuracies that are manageable with cautious driving that I have mentioned in my previous articles.

In order to emphasise the importance of responsible driving and promote safety, I would like to reiterate the following observations:

The Expressway has been designed for a maximum speed limit of 100 kmph. Therefore, it is crucial to maintain a speed of around 100 kmph. The lane width of 3.50 metres is suitable only for speeds up to 100 kmph.

Engaging in excessive acceleration, reaching speeds of 140-150 kmph, would require lane widths of 3.75 to 4.00 metres, which are not available on this Expressway.

Therefore, it is essential to acknowledge that any severe situations arising from careless driving should not be attributed to the road construction or alignments.

However, despite the aforementioned points, I still believe that greater attention should have been given to the designs (DPR) to ensure utmost safety. I have previously highlighted this matter extensively in my articles and letters.

I urge everyone to drive carefully, prioritise safety, remember that lives are precious, and to always keep in mind that excessive speed may provide momentary thrills but can ultimately lead to fatal consequences. Speed thrills but kills.

**—V. N. Prasad, Road Designer and Project Management Consultant**

For details, contact Ph: 0821-2402141 or Mob: 94801-50826 or log on to website: *www.musicuniversity.ac.in,* according to Music University Registrar.

# Students' rally marks World Day Against Child Labour

## Awareness among parents must: District Judge Sangreshi

*G.S. Sangreshi, Principal District and Sessions Court Judge and Chairman of DLSA, Mysuru, lighting the lamp to mark the inauguration of World Day Against Child Labour event at Kalamandira on Hunsur Road in city yesterday as others look on.*

Mysuru, June 13 (MTY&BS)- G.S. Sangreshi, Principal District and Sessions Court Judge and Chairman of District Legal Services Authority (DLSA), Mysuru, has said that there is a need to create awareness among parents who are spoiling the career of their children by pushing them to work, instead of educating them.

Judge Sangreshi was speaking during the inauguration of World Day Against Child Labour event organised under the auspices of District Administration, DLSA and Department of Labour at Kalamandira on Hunsur Road in city yesterday.

"The Day Against Child Labour is being observed for the past 21 years with the only intention of eradicating child labour. The employment of children below the age group of 14 years as domestic help, at agriculture, hotel, factory and other harmful works is against the ethos of Constitution. Hence an Act was introduced in the year 1983 to track such children and impart education to them compulsorily. There is a need to create awareness among common people in this regard," observed Sangreshi.

Besides, concerted efforts should be made to fight against child labour or else children will become victims of exploitation. Anti-Child Labour Day is observed every year, but what assumes significance is the number of child labourers rescued. The COVID-19 pandemic shook all the sectors rendering many children orphan. Child labour still remains to be addressed at some areas, which needs the cooperation of all in its eradication. The social justice must be ensured for all and the society should be awakened in this regard, suggested Judge Sangreshi.

Writer K. Bannur Raju said, "Earlier child labour was practiced due to poverty and hunger in the society. Now, the Government is providing free education to children, so the parents should not force their wards to work. The rise in child labour can also be attributed to the irresponsible behaviour of their parents."

Deputy Commissioner (DC) Dr. K.V. Rajendra, who sought the co-operation of all in making the district free from child labour, said: "Still there are rampant complaints of child labour in practice at hotel industry, besides road side eateries. Parents should have a firm mind in educating their children."

Earlier, the children of various schools took out an awareness rally against child labour, from Oval Grounds near the DC's Office to Kalamandira.

DLSA Member-Secretary B.G. Dinesh, Zilla Panchayat (ZP) Chief Executive Officer (CEO) K.M. Gayathri, ACP (CCB) Sandesh Kumar, Assistant Labour Commissioner Nazia Sultana, Hotel Owners Association President C. Narayanagowda, Hemalatha of Mahila Okkoota, Saraswati from Rural Literacy and Health Programme (RLHP) and several others were present.

# 71 kids rescued from child labour in Mysuru

Mysuru, June 13 (MK&BS)- In a drive against child labour, the Labour Department has rescued 71 child labourers in 660 inspections from the last one year in Mysuru district.

According to the inspection drives led by Labour Officer, Senior Labour Inspector and Labour Inspector from April 2022 to March 2023, a total of 20 child labourers and 51 Kishora Karmikaru (Adolescent Labour) totalling 71 children were rescued and were rehabilitated at Government Children's Home as per the recommendations of Child Welfare Committee (CWC).

Of the total child labourers rescued, 19 were rescued in 153 inspections under the limits of Senior Labour Inspector's Circle-1 of Mysuru and four from 55 inspections in Circle-2 of Mysuru, followed by two from 77 inspections in Circle-3 of Mysuru and nine from 69 inspections in Circle-4 of Mysuru, 11 from 50 inspections in Nanjangud taluk, 10 from 32 inspections in T. Narasipur taluk, three from 57 inspections in K.R. Nagar and Saligrama taluks, four from 67 inspections in Periyapatna taluk and nine from 60 inspections in Hunsur taluk. No child labourers were found in 34 inspections in H.D. Kote and Sargur taluks.

A fine of Rs. 8,13,334 has been collected from 36 cases under Child & Adolescent Labour (Prohibition and Regulation) Act 1986 and Rs.1.20 lakh fine amount in eight cases where the accused were acquitted by the Court, with the imposition of penalty on them.

Criminal cases will be booked against those who are practicing child labour, at JMFC Court. Prior to that, if the child labour is detected during inspection, the disparity in salary amount given to the child labour will be calculated and 10 times more of the salary amount will be levied as fine and given to child labour. The child labourers will be sent to Balamandira (Government Children's Home). It is only when their parents sign an undertaking against sending their children to work, that they will be sent along with them. The information will be shared with Department of School Education and Literacy to track their education through school attendance.

**—Rakesh Jadhav, District Labour Officer**

# Pay 22 percent more to travel on Mysuru-Bengaluru Expressway

- NHAI hikes toll charges with effect from June 1
- Prepares to levy charges on Nidaghatta-Mysuru section

*The Toll Plaza on NH-275 Bengaluru-Nidaghatta stretch.*

## NEW TOLL CHARGES

| Vehicle type | Single trip | Round trip within 24 hours | Monthly pass - restricted to 50 single trips |
|---|---|---|---|
| Cars, vans, jeeps | Rs. 165 | Rs. 250 | Rs. 5,575 |
| LCV / LGV / minibus | Rs. 270 | Rs. 405 | Rs. 9,000 |
| Trucks/buses - two axles | Rs. 565 | Rs. 850 | Rs. 18,860 |
| Three-axle commercial vehicles | Rs. 615 | Rs. 925 | Rs. 20,575 |
| Heavy construction equipment, earth-movers - 4 to 6 axles | Rs. 885 | Rs. 1,330 | Rs. 29,580 |
| Oversized vehicles - 7 or more axles | Rs. 1,080 | Rs. 1,620 | Rs. 36,010 |

Mysuru, June 13 (BCT)- The toll charges for a section of the Bengaluru-Mysuru Expressway have been quietly increased by the National Highways Authority of India (NHA), with rates going up by as much as 22 percent.

The toll has been increased for all types of vehicles and comes at a time when a new Government is in place. Before coming to power, the Congress party led many protests against the 'steep' toll charges.

The hike, effective from June 1, came as a rude shock for the commuters who noticed that the toll deducted from their FASTag accounts was higher than the previous charges. The one-way fare for cars, vans, and jeeps has now been raised from Rs. 135 to Rs. 165, resulting in an increase of Rs. 30.

Previously, the toll fee for a single trip on the Expressway for cars was Rs. 135 but it has now been raised to Rs. 165. Similarly, for a round trip on the same day, the charges have increased from Rs. 205 to Rs. 250. As the toll charges have gone up, the monthly pass rates too have been increased (see table).

Light commercial vehicles and mini-buses will now have to pay Rs. 270 instead of Rs. 220 for a one-way journey and Rs. 405 (previously Rs. 330) for a return trip. Buses and trucks will be charged Rs. 565 for a single journey and Rs. 850 for a round trip.

Likewise, heavy construction equipment or earth-moving equipment or 4 to 6 axle vehicles have to pay Rs. 885 for a single trip and Rs. 1,330 for a round trip on the same day. Oversized vehicles (7 or more axles) have to pay Rs. 1,080 for a single journey and Rs. 1,620 for the same day return trip.

According to the NHAI, the hike is a regular procedure tied to the Wholesale Price Index (WPI). Initially, the NHAI had planned to implement the toll hike from Apr. 1 as part of the annual revision of toll prices across the country but was kept on hold due to protests and public outrage. The NHAI has displayed the revised fee on the toll plaza signage boards near the toll plaza to inform the public.

The revised toll is being collected at the Kanaminike and Sheshagirihalli toll plazas and sources said that the toll charges for the Nidaghatta-Mysuru section will be announced soon. Toll collection on that section is expected to begin on July 1.

# Expressway safety: Install CCTV cameras, signage boards

## Mandya DC asks NHAI to complete pending works on service roads, conduct speed, safety tests

Mandya, June 13 (BCT)- Mandya Deputy Commissioner Dr. H.N. Gopalakrishna has asked the officials of the National Highways Authority of India (NHAI) to take immediate steps to complete the pending construction works in the jurisdictional Mandya District to ensure smooth transportation system on the Mysuru-Bengaluru Expressway.

*Gopalakrishna*

He was addressing a meeting in his capacity as the Chairperson of the District Road Safety Committee. The meeting was held yesterday at the DC Office.

Due to incomplete work on many stretches of service roads, there have been several accidents and fatalities within a stretch of 55 kilometres in Mandya district over the past three months. He emphasised the need to address this problem and find solutions. The DC asked the officer to install CCTV cameras at various intervals along the Expressway to enforce traffic rules and ensure safety.

Gopalakrishna directed the NHAI to maintain the quality of the road, install signage boards for the arrival and departure of the road, adjust streetlights at the junctions of the service roads and conduct speed limit tests. He also stressed the importance of implementing secure measures to prevent thefts of metal from electricity poles and chain-link fencing.

The DC expressed concern about the possibility of accidents caused by some low-hanging cables on the roadside and recommended taking action against those responsible. He highlighted the need to create awareness among the public regarding road safety in Maddur, Mandya and Srirangapatna towns.

Mandya Superintendent of Police N. Yathish mentioned that the absence of road dividers on the road connecting the service roads to the main road is leading to accidents. He asked the NHAI to construct road dividers and rectify the existing disorder to prevent accidents.

Officials from NHAI N.H. Mrithyunjaya, Rajendra Kumar, Prasad, PWD Executive Engineer Harsha, Regional Transport Officer Vivekananda, KSRTC Divisional Controller Nagaraju and others were present.

# Mayor appealed to stop cable clearance operation

Mysuru, June 13 (CN&DM)- A couple of days after Mayor Shivakumar had directed MCC officials to clear electricity poles of dangling/hanging cables or wires, the Mysuru Cable TV Operators Association has appealed the Mayor to stop the exercise.

The Association members met Mayor Shivakumar at the MCC Main Office on Sayyaji Rao Road and presented him a memorandum urging him to stop the operation in which cables hanging from electricity poles are being cut.

Responding to the plea, Shivakumar said cables are being cut out of a wrong understanding of the issue. Maintaining that he has ordered immediate suspension of the cable clearance operation, he said he has directed for laying of telephone cables underground. But some telecom companies did not heed to the advice and went ahead with their job. Hence, the MCC had ordered cutting of above ground telephone cables.

But the MCC staff cut off TV cables due to a misunderstanding and subsequently, the staff have been suitably advised, the Mayor said while assuring that such acts of negligence won't happen again.

Later Cable TV Operators Association President Mohan Kumar Gowda said that the MCC's action had caused distraught among cable TV operators.

Maintaining that cable operators were pushed to a lot of hardship due to MCC's action, he said now the Mayor has responded positively to our plea.

## Obituary

**Prof. H.M. Veerabhadraiah**

Mysuru, June 13- Prof. H.M. Veerabhadraiah (71), retired Principal of Vidyodaya Degree College, T. Narasipur and former University of Mysore Syndicate Member, passed away yesterday.

He leaves behind his wife, one daughter and a host of relatives and friends. Last rites were held at his native place Hadinaru in Nanjangud taluk, Mysuru, according to family sources.

# Union Minister Shobha Karandlaje inaugurates Rozgar Mela

*Union Minister Shobha Karandlaje symbolically handing over recruitment letter to a candidate at Knowledge Park Auditorium in AIISH campus here this morning. MLA T.S. Srivatsa, Mayor Shivakumar, Director of DFS Sanjay Kumar, SWR Mysuru Division DRM Shilpi Agarwal, AIISH Director Dr. M. Pushpavathi, Canara Bank Executive Director Debashish Mukherjee and other officials were present.*

Mysuru, June 13 (RK&DM)- Union Minister of State for Agriculture and Farmers Welfare Shobha Karandlaje inaugurated the 6th National event of Government of India's ***Rozgar Mela - Mission Recruitment,*** at Knowledge Park Auditorium in AIISH campus, Manasagangothri here this morning.

Speaking on the occasion, Shobha said the *Rozgar Mela* is being held across the country today where over 70,000 candidates are issued recruitment letters.

Pointing out that Prime Minister Narendra Modi is doing everything possible to address unemployment issue, she said that the PM will leave no task unfinished and there are many examples of him inaugurating the buildings or projects for which he had laid the foundation earlier. The construction of the new Parliament building in New Delhi, construction of Highways and Bridges, IITs and such other educational institutions of national importance are a few examples of the PM's Gati Shakti imitative, she noted.

Maintaining that the *Rozgar Mela* is a step towards fulfilment of the commitment of the PM to accord highest priority to employment generation, Shobha said "The *Rozgar Mela* is expected to act as a catalyst in further employment generation and provide meaningful opportunities to the youth for their empowerment and participation in national development." Today, PM Modi will distribute about 70,000 appointment letters to newly inducted recruits across the country via video- conferencing, she added.

Shobha Karandlaje symbolically handed over recruitment letters to 25 participants out of the 253 selected to various Union Government Departments in Mysuru region.

.PM Modi had launched the first event of *Rozgar Mela* on Oct.22, 2022. Subsequently, the second one was held on Nov.22, 2022, the third on Jan.20, 2023, the fourth on Apr.13, the fifth on May 16 and the sixth one today (June13).

Union Minister Shobha Karandlaje had also inaugurated the fourth edition of the Mela at AIISH campus in city on Apr.13. AIISH hosted the event for the second time today.

# MP inspects renovation works at K.R. Hospital

MRI Scanning Centre to start functioning in 15 days

Mysuru, June 13 (BLU&BS)- Mysuru-Kodagu MP Pratap Simha inspected the ongoing renovation works of K.R. Hospital and Cheluvamba Hospital in city and also at PKTB Sanatorium on KRS road here this morning.

The works are being carried out at an estimated cost of Rs. 89 crore and MP Simha carried out the inspection along with collecting information from the Officers about the works undertaken without compromising on the heritage significance of these buildings.

The MP also inspected the works on MRI Scanning Centre at K.R. Hospital, where the Officers explained that "The patients will be charged Rs. 2,500 for scanning and the fee collected will be spent on the maintenance which alone requires Rs. 80 lakh per annum. If the patients opt for scanning outside, they have to shell out money in the range of Rs. 8,000 to Rs. 10,000."

After inspecting the works at K.R. Hospital, MP Simha told media persons that 'The renovation project was conceived and launched during the rule of BJP Government in the State. While Rs. 89 crore was sanctioned for renovation works, Rs. 10 crore was allotted to buy equipment for MRI Scanning Centre, which is expected to start functioning in 15 days."

The renovation works have been taken up as part of the centenary year of Mysore Medical College and Research Institute (MMC&RI). Plans are on the anvil to start a new Out Patient Department (OPD) and also to build a new 100-bed dialysis block. The process of identifying places for these two facilities are on, he added.

**Berated as Manuvadis**

"If we raise questions about the way of pooling in funds for freebies, we will be berated as 'Manuvadis'. There is no future for you after five years, but the State will have a good future and don't spoil it," added Pratap Simha taking potshots at Congress party.

Simha, who cautioned Congress Government for diverting the issue in the names of BJP, RSS and Manuvadis said 'People rejected BJP due to anti-incumbency and voted for you (Congress) only for the lure of guarantees. BJP has even bit the dust due to some of its leaders and you are to meet the same fate now.'

**On power tariff hike**

'It is said that the hike in power tariff was made during previous BJP Government's rule, but it could have been held back by Congress Government. The tenders awarded by BJP Government have been stalled by Congress Government with an eye on the share of their cut from contractors,' the MP stated

'You (Congress) have been accusing BJP Government of seeking 40 percent commission during its tenure, but you should tell us about your percentage of commission. If we have indulged in scams, launch a probe and punish the guilty in Arkavathy 're-do' scam and Bitcoin case. I will worship your feet. But you have taken people for a ride in the name of freebies and the people are also feeling the pinch after deliberately walking into it,' said Simha.

# 'Shakti' ok but CM must speak on fiscal status: Shobha Karandlaje

Mysuru, June 13 (Yadav&BS)- Welcoming the launch of 'Shakti' free travel for women in KSRTC buses by State Government, Union Minister of State for Agriculture and Farmers Welfare Shobha Karandlaje said "It is a matter of happiness that free travel is being provided for womenfolk in State-run buses, but at the same time the Chief Minister should tell the people about the fiscal position of the State."

Speaking to *Star of Mysore* at a private hotel in city last evening, Shobha said, "I appeal to all the women to make use of first-of-its-kind opportunity and visit all the temples and tourist spots without fail."

The CM, who also holds Finance portfolio, has the responsibility to tell the people about economic status, as there is a need to mobilise funds to implement all the five guarantees (announced by Congress ahead of recent elections). The size of budget, funds required for implementing five guarantees, total debt of the State, rate of interest and the debt required, all these should be explained to the people by the Chief Minister, she said.

"If they implement the guarantees without correcting the loopholes, the State will be in severe crises. We have been seeing how the neighbouring States are reeling under trouble by doling out freebies to people. The Andhra Pradesh Government is struggling to pay even the salary of its employees," said the Union Minister.

On her name doing rounds for State BJP President post, Shobha Karandlaje, who refused any position said, 'I am the Minister now and happy with that.'

She refused to comment on another query over the process of selecting Leader of Opposition in Karnataka Assembly.

# 'BJP-Congress' adjustment politics cost us: MP Pratap Simha

Mysuru, June 13 ( BLU&BS)- MP Pratap Simha has taken a dig at his own partymen alleging that 'BJP - Congress' adjustment politics' cost the party in recent Assembly elections in the State.

Without taking the name of former Chief Minister and BJP top leader B.S. Yediyurappa, Simha, who made an oblique reference alleged that "BJP men, especially the big leaders themselves were in cahoots with Congress due to which the party had to suffer badly."

The report of Kempanna Commission on Arkavathy layout scam was not released. Though it was believed that 'snake will be let out of the bag, it didn't happen, as the leaders had *quid pro quo* agreement to scratch each others back at the time of need,' alleged Pratap Simha.

# Hiked tariff from April being billed in June: CESC MD clarifies

Mysuru, June 13 (RK&BCT)- The Karnataka Electricity Regulatory Commission (KERC) revised the power tariff on May 12, 2023, raising it to an average 70 paise per unit for all household connections in the State and the order was given retrospective effect from April 2023.

Due to the revision of the tariff, an enhanced average 70 paise per unit is being collected in the June bills, said Chamundeshwari Electricity Supply Corporation (CESC) Managing Director Jayavibhavaswamy. Since this order was passed with a retrospective basis from April 1, arrears are also being collected in the June bill, he explained.

In a note to *Star of Mysore* that gives a break-up of the charges and their implications, the CESC MD said that the fixed charges have been hiked by the KERC with retrospective effect from 1.4.2023 from Rs. 100 per KW to Rs. 110 per KW for domestic consumers. Hence, there is a hike of Rs. 10 per kilowatt in the bill.

Earlier, till the previous month, there were different slabs in energy charges calculation — 0 to 50, 51 to 100, 100 to 200 and 200 and above, as shown in previous months bill. "But now, telescopic rates are approved by the KERC. That means, if a user consumes from 0 to 100 units, Rs. 4.75 is charged per unit. But if the consumption exceeds 100 units, a common telescopic rate of Rs. 7 per unit is applied for the whole of consumption from 0 till the last reading," the note said.

**Fuel Adjustment Charge**

The FACs (Fuel Adjustment Charges) are the charges collected for variation in rates of coal and diesel used for energy production in thermal and diesel plants respectively. They are now calculated monthly (from January 2023) and can be collected in three months.

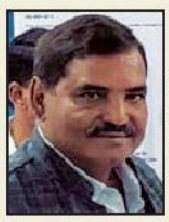
"Hence, we collected 0.53 paise per unit till last month. But the FAC has abnormally increased in April and May. Hence, it is Rs. 2.42 per month only in the June 2023 bill. Probably, it will be substantially low (probably below Re. 1 or even 50 paise) in the July bill, as rates were low in May - June. This FAC increase seems to be more only in the June 2023 bill. It will probably be low in coming months," the note said.

**Retrospective effect hike**

Arrears are the arrears of fixed charges and energy charges for the energy consumed in April 2023, calculated with retrospective effect from 1.4.2023. The revision of the tariff order was supposed to be implemented in March/April, but due to the code of conduct announced for the Karnataka Assembly elections on Mar. 29, the issuance of the tariff order was put on hold by the KERC. However, it was issued on May 12, with retrospective effect from April, the note added.

On the Gruha Jyothi scheme, the CESC MD said that it will be effective to all consumers from the July 2023 billing date. "All those who have average consumption of less than 200 units, irrespective of income are eligible. Provision for tenants or leased properties are also being considered by the Government. As such, the tariff hike in the June 2023 bill will not be the same in coming months," the note said.

### 'Rs. 50 solar rebate withdrawn'



The Rs. 50 rebate for solar connections has been withdrawn as the Government promised 200 units of free power and keeping the rebate is meaningless. The rebate will not henceforth be available even to the consumers who use beyond 200 units as they have to pay a bill of over Rs. 3,000 and Rs. 50 hardly matters to them."

**—Jayavibhavaswamy, CESC Managing Director**

# Reconsider power tariff hike: MLA Sait urges CM Siddu

*Siddharamaiah*

*Tanveer Sait*

Mysuru, June 13 (RK&BCT)- Narasimharaja Congress MLA Tanveer Sait has urged Chief Minister Siddharamaiah to reconsider the decision of increasing electricity charges, though the rates have been implemented by the Karnataka Electricity Regulatory Commission (KERC) with retrospective effect.

In a letter to the CM on June 11, Tanveer Sait has said that the steep increase in electricity rates has left the people of the State bewildered. "Against this backdrop, people are expressing their disappointment at the State Government and power supply companies. Traders in various districts have been protesting against the hike and as such, the CM must conduct a re-evaluation of the tariff hike and take necessary actions," he wrote.

Sait has further noted that the Congress has achieved a resounding victory and one of the election guarantees is the 200 unit free electricity for every household. "The increase in power tariff has overshadowed the guarantee and has led to a misconception that the Congress Government has increased the rates though it was implemented by the earlier Government," the MLA said.

"People have already been burdened by the price hike of essential commodities and are unable to cope with more hikes. The increase in electricity rates has caused damage to the party's image. I urge you to review the order of electricity tariff hike in public interest and implement the same in a way that does not harm the common people," Sait wrote to the CM.

Speaking to *Star of Mysore* this morning, Sait said that he has highlighted the plight of the common man in his letter to the CM. "The BJP Government increased the tariff as it knew that it would not come to power. I have urged the CM to reconsider the hike in public interest. I have written two more letters on streamlining the underground drainage system," he added.

# Will CM explain source of funds for guarantees? asks MP

Mysuru, June 13 (BLU&BS)- Replying to media queries in Mysuru this morning about Congress' five poll guarantees, MP Pratap Simha said: "Chief Minister Siddharamaiah, who harps on implementing the schemes at any cost, must first explain about source of funds."

"Is it Congress culture to swindle people to give freebies? Will CM Siddharamaiah, Dy.CM D.K. Shivakumar, Energy Minister K.J. Geroge and Large & Medium Industries Minister M.B. Patil sell their own assets to implement guarantees?" asked Simha.

"The CM should first release a white letter on debts. Moreover, being the CM who has so far tabled 13 budgets, Siddu is not coming out with details on the mobilisation of funds, but has been misleading people which should be stopped," he added.

**Hike in toll on Expressway**

Defending that the hike in toll on 10-lane Mysuru-Bengaluru Expressway was in compliance with new financial year, MP Simha dared Chief Minister Siddharamaiah to make the Highway toll-free if he was not okay with it. "Pay the funds brought from bank to build the Expressway and make it toll-free," said Simha.

# Issue parking passes for shop owners on Urs Road: Lingappa

## MCC overstaffed and must downsize its workforce, to save on salaries, says former Mayor

Mysuru, June 13 (DM)- Former Mayor R. Lingappa has expressed his opposition to the decision of the Mysuru City Corporation (MCC) to reintroduce the pay and park system. In a press release, Lingappa stated that the people are already burdened with increased Property Tax, property registration fees, and power tariff hikes.

*R. Lingappa*

**He pointed out that the MCC has the option to generate revenue by issuing paid monthly vehicle parking passes for shop owners on D. Devaraj Urs Road.** He stated that it is unfair for the MCC to impose taxes on motorists who park their vehicles for shopping.

Emphasising the need to reduce the financial burden on the MCC, Lingappa mentioned that the MCC is overstaffed and there is an urgent requirement to downsize its workforce to save on salaries. He suggested that the Mayor and the Deputy Mayor should pass a resolution in this regard and forward it to the Government for consideration.

Lingappa recalled the steps he took during his tenure as Mayor to increase revenues significantly by setting rent for MCC's properties at a 1:10 ratio. He also underlined the importance of plugging loopholes and preventing revenue pilferage in the MCC's income sources to safeguard its earnings.

Addressing the problems faced by tenants of shops in Devaraja Market, Sayyaji Rao Road and other areas, Lingappa urged the MCC to take prompt and appropriate measures to ensure timely collection of rentals from all its properties and buildings across the city.

He criticised the MCC for resorting to the introduction of pay and park instead of exploring alternative revenue enhancement measures, considering it as an exploitation of the public.

He further expressed concern that this facility would primarily benefit the parking contractor rather than significantly benefiting the MCC.

# 'Pay and Park' tender put on hold

**(Continued from page 1)**

"We have seen the protests of people and their media statements. We also realised that the MLA has taken exception to the new rule. We are open to discussing the matter and are willing to engage with those who oppose the initiative," Mayor Shivakumar added. In case the proposed parking fees are perceived as excessive, they will be reconsidered to address any concerns. "It is important to note that the MCC is committed to maintaining transparency and accountability by issuing computerised receipts for all transactions. To further enhance the parking experience, electronic signage will be installed to clearly display the parking fees," the Mayor explained.

He reiterated the willingness of the MCC to facilitate a meeting involving all stakeholders, aiming to gather their feedback and ensure a consensus. "The objective is to alleviate parking issues. We are willing to listen if the stakeholders have alternative suggestions," he added, underlining that the MCC has made the decision to implement the system on a trial basis, specifically on Devaraj Urs Road.

**CHANGE OF NAME**

I, PUSHPA SHETTY, W/o M.Raju Shetty, Aged about 52 years, resident of No.3-9, Ragihaklu road, Byndoor, Heroor Hebbagilu House, Heroor, Ragihaklu, Udupi, Karnataka-576224, have changed my name from PUSHPA SHETTY to SHINGARI SHETTY ALIAS PUSHPA SHETTY on my own free will sworn in before notary Smt. MANIMALA.N.S, New Kantharaje Urs road, Opposite to Gokul Veg Restaurant, K.G.Koppal, Mysore, vide affidavit No.90/2023, dated 12th June 2023.

## Mysore Memories...

# Rallapalli Ananta Krishna Sharma-2

By Dr. Bhagirath
S. Naganath

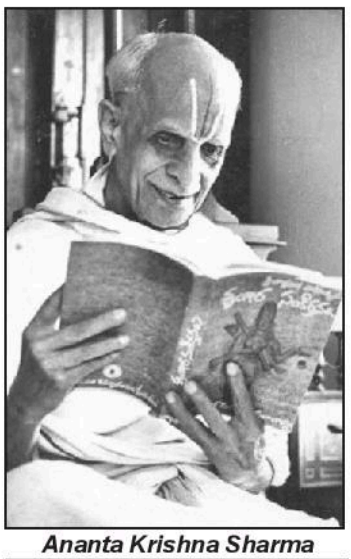
[Continued from June 11]

Rallapalli Ananta Krishna Sharma was 14 years of age when he composed his first Sanskrit composition. It was devoted to Goddess Lakshmi titled *'Jalarashi Balelole.'* A compilation of his Sanskrit writings was published under the title of *'Anantha Bharathi'* and had compositions like *Sri Mahishura Rajyabhyudaya Darshala, Sri Gita Govinda Patha Parikshanam, Valmikehe Geye Parispandaha* and *Nyasa Kalanidhiutsava. 'Sri Mahishura Rajyabhyudaya Darshala'* won Sharma the first prize, among forty contestants in a poetry competition held in Mysore to commemorate the achievements of the Maharaja in 1925. It was set in *Champu Kavya.*

While Sharma translated many more works, he abandoned quite a few on the premise that they were not of sufficiently high standard ! For many that he did retain, he had difficulty publishing them owing to financial constraints. On more than one occasion, C.R. Reddy offered to fund the publications of these translations. Reddy even authored a preface to one of Sharma's seminal works in 1931. Rallapalli Ananta Krishna Sharma assumed editorial responsibilities of Tirupati Oriental Research Institute in 1950 and was also a research scholar there till 1958. His *'Gaanakale'* was written at the insistence of V. Seetharamaiah & Koodali Chidambaram and attracted considerable scholarly attention. D.V. Gundappa wrote a complimentary review on this in *'Janapragati.'* This was reprinted in 1973. Sharma also gave several talks on All India Radio (AIR) on a host of topics related to music and history of music.

**As a Vocalist**

Rallapalli Ananta Krishna Sharma listened to music by Karigiri Raya, Chikkaramaraya, Veena Sheshanna, Subbanna, Mysore Vasudevacharya and Muthiah Bhagavatar. Sharma often limited himself to singing in private platforms. His guru Bidaram Krishnappa felt that, as Sharma was equally proficient both in the study of Shastras as well as in singing of the compositions, it would be better to leave the field for those who sang for a livelihood. Sharma could limit himself to teaching these Shastras and Sanskrit compositions rather than singing them as a vocation. This promise made by Sharma to his teacher was one of the reasons that he seldom agreed to sing in public gatherings, especially for remuneration! Many years later, when Muthiah Bhagavatar informed Sharma that he had arranged a private concert with the Maharaja, Sharma at once politely declined and excused himself! However, many of Sharma's close acquaintances like N.S. Subba Rao would often visit him at his house and listen to him privately. Sharma would also arrange private bhajans and concerts at his residence where he invited close aides like V. Seetharamaiah, B. Venkataramaiah and R.K. Pattabhiraman.



Ananta Krishna Sharma

Some of his personal favourites were *'Harini Hariramani'* and *'Amba Vishalamba.'* Privately, Sharma had some reservations regarding Kalidasa's compositions, especially with regard to his use of metre & scale and the arduous task of adapting them to singing. Rallapalli Ananta Krishna Sharma was responsible for bringing back many of Vemana's compositions into vogue. Similarly, he was also instrumental in popularising many of Kshetrayya's compositions as well. In addition to popularising Vemana and Kshetrayya's compositions, he succeeded in bringing to life the compositions of Tallapaka Annamacharya and his son Pedda Tirumalecharya. In fact, later singers like M.S. Subbalakshmi and Balamurali Krishna sang many of Annamacharya's compositions only after they were popularised initially by Ananta Krishna Sharma. When TTD Trust (Tirupathi) began retrieving songs of Annamacharya that had been stored on copper plates from the temple lockers, it was Sharma who was at the forefront in deciphering these into legible text and eventually cataloguing them.

Sharma was quite badly affected by the Influenza pandemic in 1918. He was advised by doctors to give up singing and instead take up instrumental music. Sharma had a keen ear for music. Once a passing beggar was heard singing *'Nadasudharasambhilanu'* in 'arabhi' raga. Sharma at once ran out and invited the beggar to come in and sing the entire rendition for him. Sharma learnt this rare piece from the passing beggar and practised it over and over again. Sharma then shared it with Muthiah Bhagavatar who liked it so much that, he in turn taught the same to many of his students. Among the many vocalists whom he influenced and taught, some deserve special mention here — A.V. Krishnachar, T.S. Thathachar, B. Ramachar (Kurnool), B. Lakshminarasimhachar (Hospet), B. Venkataramayya, Phanishayi (his son), Sarojamma, Sripada Pinakapani and Sandhyavandhanam Srinivasa Rao.

Bidaram Krishnappa

Rallapalli's vast repertoire of Telugu poetry and literature was very well-known in academic circles. Kattamanchi Ramalinga Reddy from the Philosophy and English Department was already a fan of Sharma's poetry. Reddy used his influence with the University to create a lecturer's post for Sharma. Rallappalli served the University for 38 years as a Telugu teacher from 1910 till 1949 when he retired. The University failed to sanction Sharma with a pension, in spite of sustained efforts by many of his colleagues. When T.V. Venkatachala Sastry later lamented about this travesty, Sharma retorted back that his plight was of no significance when compared to the difficulty M. Hiriyanna was put through when he was supposed to get his pension!

The University of Mysore started MA in Kannada in 1927. It was mandatory to select a second language. Most used to select Tamil. Following Sharma's appointment, there was an upsurge in the number of students taking up Telugu as their second language. Some of his prominent students include K.V. Puttappa, G.P. Raja Ratnam, D.L. Narasimhachar, M.V. Seetharamaiah, T.S. Shama Rao, B. Kuppuswami, G.S. Shivarudrappa and M.S. Venkata Rao. One of Sharma's favourite texts to teach was *'Tikannana Udyogaparva'*. Sharma's colleagues always knew that he was the last resort in resolving doubts about musicology and Telugu literature when reliable information could not be sourced elsewhere.

Sharma married Rukminiamma when he was 18 years of age.

At Sarvepalli Radhakrishnan's farewell function, Sharma composed a few lines in Radhakrishnan's honour and read them out. Radhakrishnan was greatly impressed on hearing these impromptu compositions. But one of Sharma's colleagues stood up and remarked that all the lines were in *anushtab chandass* (metre). Sharma took a moment and replied that if *anushtab chandass* was good enough for Valmiki, why should it not be good enough for the rest of us!

**Recognition**

Sharma's essay on the progress of Mysore State titled *'Sri Mahisura Rajyabhyudayadarsha'* won him the first prize. The achievements of both Nalwadi Krishnaraja Wadiyar and Chamaraja Wadiyar were listed here in poetic metre.

When Rabindranath Tagore visited Mysore in 1917 and sang *'Devi Bhuvanamanamohini,'* Sharma internalised it and in rhythmic metre sang it back! Tagore was taken aback and appreciated it greatly.

At C.R. Reddy's behest, Sharma gave a lecture on Vemana in several parts of Andhra Pradesh. He had endeavoured for many years to collect historical information on Vemana. Sadly, his success was limited, as was his predecessors.' Sharma was single-handedly responsible for bringing back many of Vemana's renditions into popular culture. This inspired Siddavanahalli Krishnasharma, D.R. Venkataramana and T.S. Shama Rao to translate these from Telugu to Kannada.

Rallapalli Ananta Krishna Sharma presided over the Sangeeta Sammelana in Mysore in 1927. At this meet, Sharma's lecture was scheduled to be delivered at noon. But many preceding events took a greater share of time and Sharma was able to talk only at 1 pm. Considering that lunch was scheduled at 1.30 pm, the organisers rather bluntly requested Sharma to keep his address brief. Sharma did not take any offense and began to talk. Exactly after twenty minutes, Sharma paused and looked around. There was pin-drop silence. The entire audience was spell-bound and almost in a trance listening to his mellifluous voice. When Sharma continued his pause, Nageshwara Rao Panthulu stood up and rather assertively requested Sharma to continue talking and added that his words were enough fodder for their hunger. The audience joined in and requested Sharma to continue as well. This Presidential address lasted 2.5 hrs! It was laced with such erudition and profound scholarship that his address was printed verbatim by *'Andhra Patrike', 'Bharathi'* and other newspapers. The organisers later tendered an apology for their rude behaviour!

Sharma was honoured with the *'Gana Kala Sindhu'* in 1961 and the *'Gana Kala Prapoorna'* in 1969. Bangalore Gayana Samaja bestowed on Sharma the *'Sangeeta Kala Ratna'* in 1970. Sharma received the Central Sangeet & Natak Academy Fellowship in 1973. The Madras Music Academy awarded Sharma the *'Sangeeta Kalanidhi'* honour in 1974. Rallapalli Ananta Krishna Sharma was conferred with an Honorary Doctorate by Tirupati Sri Venkateshwara University in 1974. The Jayanagar Cultural Society, Bangalore, also conferred on him a Lifetime Achievement Award for his lifelong contribution to the world of music and shastras. The TTD Trust conferred on Sharma the prestigious *'Sangeeta Sahitya Asthan Vidwan'* honour. The representative from the Trust reached Sharma's residence around 4 pm in the afternoon and presented the honour. A few hours later, around 7.15 pm, Sharma breathed his last on 30th April 1974.

Rallapalli Ananta Krishna Sharma was a bridge between two States and two languages. He was also a walking repository of centuries of Karnatak musical tradition and forgotten compositions by various saints and scholars. If not for his perseverance, many of these compositions would have been lost in the sands of time. Above all else, Sharma was the perfect bridge between the world of *Shastras* and the world of *Sangeetha.* Let us remember him with much gratitude and nostalgia on his death anniversary (April 30) every year. The world of Karnatak music is enriched by him forever!

# NSS has the power to change society: State NSS Officer

Mysuru, June 13 (MTY&DM)- Department of Youth Empowerment and Sports (DYES) NSS Wing State Officer Pratap Lingaiah said that as the NSS has also incorporated personality development and social service along with academics, it (NSS) has grown enormously over the years in the country.

He was speaking after inaugurating the NSS Award (2021-22) presentation ceremony organised by the University of Mysore (UoM) NSS Wing at NSS Bhavan in Saraswathipuram here on Wednesday.

Reiterating that NSS has the capacity to draw society towards social service, Pratap Lingaiah said that NSS teaches students on how to mingle with the society and to lead a life of service and co-operation. Pointing out that NSS students rendered service during last month's Assembly polls, he highlighted the role of NSS in carrying out several surveys and delivery/distribution of services. He also recalled the services rendered by the NSS during the COVID pandemic.

UoM Vice-Chancellor Prof. N.K. Lokanath said that the NSS which started with 1,100 volunteers from 11 Colleges in 1969, has grown enormously over the years with the number of student volunteers increasing by the year.

At present, more than 19,200 students of the University have registered for NSS services and activities, he added.

Government College for Women, Maddur and Government Maharani's Women's Commerce and Management College, Mysuru, bagged the Best Unit Award (2021-22), while D. Suresh Babu, faculty of Maddur Government College and Dr. K.E. Govindegowda, faculty of Maharani's Women's College received the Best Programme Officer award.

**A.V. Kantamma Best Volunteers Award:** Pramod of VSS First Grade College, Ratnapuri, Hunsur taluk; Srikantamurthy of Kuvempunagar Government First Grade College, Mysuru; D.P. Sushmitha of Maharani's Science College, Mysuru and A. Tanushri of Women's College, Hassan; **U.K. Subbarayachar Memorial Best Volunteer Award:** C.J. Prajwal of Gnanadeepa Degree College, Gangothri Layout, Mysuru and J. Dakshath of Seshadripuram Degree College; **Best Social Worker Award:** D. Sharada of Mandya Government College for Women and Sumodini of D. Devaraj Urs Government First Grade College, Hunsur. As D. Sharada met with an untimely death, her father received the award posthumously.

UoM NSS Co-ordinator Dr. B. Chandrashekar, Programme Co-ordinator Dr. M.B. Suresh, Prof. B.K. Jagadeesh, Prof. Shivaraj, Prof. K.T. Veerappa, Prof. Veeraiah, Prof. Satyanarayana and others were present.

# Conservation of greenery a daily task: UoM VC

Mysuru, June 13 (SBD&BS)- University of Mysore (UoM) Vice-Chancellor Prof. N.K. Lokanath said that the conservation of environment should be a continuous practice, as it is not enough to spread the message of conservation on World Environment Day alone. He spoke during the greenery programme of Ramakrishnanagar and conferring of 'Parisara Poshaka' Award, organised by Suyog Hospital and Suyog College of Nursing, Ramakrishnanagar, on Thursday.

"The nurturing of plants and trees should not be restricted to a day and everybody should daily participate in conservation activities. Environment Day this year was celebrated with theme 'Beat Plastic Pollution' and so we must shed single use of plastic. If we use plastic according to our whims and fancy, it will have a serious impact on the environment. We should create awareness on environment in everybody and the greenery programme organised by Suyog Hospital deserves an applause," he said.

Senior Environment Officer Prakash said: "We should join hands in the conservation of environment by segregating waste at every household. If the dry and wet waste are separated, it will come handy in disposing of the waste and also prove helpful in the scientific method of processing plastic materials. The urban dwellers should give priority for segregating waste before handing over the garbage at their doorstep."

Presiding over the programme, Suyog Hospital Chairman Dr. S.P. Yoganna said: "There will be an imbalance in environment due to loss of green. The world of plants serves as the armour of nature. Mysuru city should glow in lush greenery and everybody should join hands in this regard."

Managing Director of Suyog Hospital Dr. Suyog Yoganna, Medical Director Dr. Rajendra Prasad, Trustee Sudha Yoganna, Director Dr. Seema Yoganna, Chief Executive Officer Dr. M. V. Manjunath and donor of plants Lokesh and others were present.

## 'Parisara Poshaka' Award conferred

Parisara Poshaka Award was presented to Pharmacist N. Raghavan of Raghulal & Co. of the city. Raghavan has been providing tree guards for saplings to protect plants from the threat of stray cattle and other animals. In the absence of tree guard, the chances of plants losing life before growing into a tree are more. With a message that watering the sapling is not enough in conserving the green, Raghavan continues to donate tree guards to interested organisations.

# Rotary Mysore Midtown Trinity Academic Excellence Awardees

Mysuru, June 13 (MK&DM)- Maintaining that success is a product of constant hard work and dedication, Swami Muktidanandaji, President, Sri Ramakrishna Ashram, said that education is not just about scoring marks but also acquisition of values.

He was speaking as chief guest at Rotary Mysore Midtown Trinity Academic Excellence Award conferment programme organised by Rotary Mysore Midtown, at Rotary Centre, JLB Road, here on Wednesday.

Pointing out that success is not self-generated, Swami Muktidanandaji observed that a person who treads the path of hard work alone can succeed in life and clarity and dedication is the only way for achievement. Quoting Swami Vivekananda, the Swamiji said knowledge is a priceless asset and achievement comes only from that.

S. Ajay (621/625 marks in SSLC), who studied at Yeraganahalli Government High School and Rohith Kalyanpur (592/600 marks in PUC) were conferred 'Rotary Mysore Midtown Trinity Academic Excellence Award' on the occasion.

Rotary Midtown President Rtn. M.S. Naveen Chandra, Hon. Secretary Rtn. S. Kumara Swamy, Trinity Group of Institutions Chairman Elizar Milton and Trinity College Principal Dr. Shama R. Milton were present.

## WORD OF THE DAY

### Trenchant

**Pronunciation:** TREN-chunt.
**Meaning:** Trenchant is a formal word that is usually used to describe communication that is notably strong, clear, and perceptive, or in other words, "sharp."
**Origin:** There's much to know about the word trenchant, but we'll cut to the chase. The word trenchant comes from the Anglo-French verb trencher, meaning "to cut." Hence, a trenchant sword is one with a keen edge. Nowadays, trenchant mostly describes things that don't cut deep literally, but that are still felt: a trenchant remark is one that cuts close to the bone, and a trenchant observation is one that cuts to the heart of the matter. In addition to meaning "caustic" and "sharply perceptive," trenchant also carries a sense meaning "very strong, clear, and effective" that may be used, for instance, to describe a persuasive essay written with intellectual rigor. If you find yourself forgetting these "edgy" definitions, you might dig up a familiar relative of trenchant: the noun trench, which refers to a long cut or ditch in the ground.

## THE ODD WORD

### Taffrail

Rail round the stern of a ship.

## PHRASE OF THE DAY

### Fit to be tied

**Meaning:** If someone is "Fit to be tied," it means they're extremely angry or upset, even agitated. This vivid phrase tends to conjure up an image of someone so distraught or furious that they might even need to be restrained or tied up to stop them from causing harm to themselves or others.
**Origin:** There are no exact origins of "Fit to be tied," but the phrase originated in the United States sometime during the late 19th or early 20th century and came from the concept of mental patients being so violent that they had to be tied down or tied up with rope or straight jackets. The word "fit" refers to the state of the person, sort of like saying "ready." And the word "tied" just means "tied up" or "tied down," aka restrained in some way. For example, my grandmother used to spend her Sundays baking and cooking and cleaning, all while half a dozen grandkids ran around under her feet. When my grandfather would come home at the end of the day, he'd ask how her day was or how she was feeling, and she'd reply, "I'm fit to be tied, Arthur!" She wasn't actually upset or angry, just a little overwhelmed. But it helped emphasise how frustrating it must have been to do those tasks with children running around.

## QUOTE BOX

Don't give up on your dreams, or your dreams will give up on you.

**— John Wooden**

## RIDDLE THIS

Solve the rebus:

POWER •

*Answer: Power point.*

## CROSS WORD

**ACROSS:**

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

## CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

# 'Dhwani Kotta Dhani' award conferred

Mysuru, June 13 (CN&DM)- Marking the 41st death anniversary of late former Chief Minister D. Devaraj Urs, achievers from different fields were conferred 'Dhwani Kotta Dhani' award at a programme organised under the aegis of Ursu Jagruti Academy Charitable Trust at the Institution of Engineers-India (IEI) on JLB Road here on June 11.

Speaking on the occasion, MLC Dr. D. Thimmaiah said that Devaraj Urs dedicated his entire life for the cause of the downtrodden and marginalised sections of the society. Pointing out that Urs is rightly called as 'Dhwani Kotta Dhani' as he lent voice to oppressed sections of the society, he said Urs is credited with the introduction of historical Law— 'The tiller is the rightful owner of the land' *( Ul-uvuvane Bhumi Odeya)*, which Law gave a new lease of life to the landless. He further said that Urs is also credited for abolition of manual scavenging.

Referring to the installation of D. Devaraj Urs statue in the city, the MLC said that a prominent Circle in the city will be identified in a year for the installation of the statue. A proposal in this regard will be placed at the MCC meeting, he added.

Trust Vice-President H.A. Venkatesh, in his address, said that Urs was basically a farmer who entered politics later. Pointing out that people still remember Urs for his revolutionary decisions, he said that Urs provided reservation even for micro-communities which were deprived of their rights for decades. He further said that Urs had a clear vision on the upliftment of the downtrodden and giving opportunities to deprived sections of the society.

Mysuru Government Ayurveda College Principal Dr. Radhakrishna Ramarao, Private Auditor P. Sundar, All India Postal Employees Union Vice-President C.R. Rangaswamy, Sanskrit Scholar M.M. Nagarajappa, Sugama Sangeetha Singer S. Sambamurthy and Yoga Guru Nanjundaraje Urs were conferred with 'Dhwani Kotta Dhani' award. Tavaru Ursu Mahila Samja President Vijayalakshmi Urs, Anveshana Seva Trust President Dr. MGR Urs, Ursu Sangha President HMT Lingaraje Urs and MCCI President K.B. Lingaraju were present.
